Make your business life easier with Sage 50 Accounting, the solution that adapts to your needs and helps you organize and manage your business. Sage 50 is designed and delivered by people who understand small businesses and are ready to give you relevant advice and support when and where you need it. It's an easy-to-use solution that comes with robust core accounting and business management features along with service and support you can trust. You will save time and money and accomplish more every day with Sage 50 Accounting.\*

This release of the Sage 50 Accounting product line simplifies everyday tasks so you can **get the right work done**, includes tools that provide **guidance** to help you **make informed business decisions**, and lets you **customize and adapt** Sage 50 to meet your needs.

\*Features vary by product. Please visit [www.sage50accounting.com](http://www.sage50accounting.com) for a list of specific product features.

### **NEW! Convenient Bank Reconciliation**

Now you can do bank reconciliations more easily<sup>1</sup> – when you need to and regardless of your company's current accounting period. This allows you to work more efficiently, eliminates after-hours and weekend reconciliations, helps prevent posting errors in prior periods, and saves you and others time because users can work in the current accounting period while you reconcile in another.

### **NEW! Expanded Amount and Currency Field Lengths**

Record amounts up to \$99,999,999,999,999.00000 on transaction screens, list views, dashboards, reports, forms, account register and the maintain inventory item history tab screen. Perfect for companies that use currencies other than the U.S. dollar, or for businesses that track large quantities of small inventory items requiring more than two digits to the right of the decimal place.

### **IMPROVED! Sage 50 Business Intelligence Enhancements**

Enhancements to Sage 50 Business Intelligence<sup>2</sup> let you spend more time gaining insight you're your information and less time exporting data and formatting it into something you can use. The enhancements include:

- The **new Inventory Analysis Report** which offers real-time inventory information that helps better forecast consumption of goods and manage the supply chain
- The **Dashboard** which provides a graphical summary of Key Performance Indicators, such as profit/loss, top 5 expenses, top 5 customers, etc.
- The **Report Designer** which lets you create your own unique layouts for Financial Reports using simple drag and drop functionality

# Sage 50—U.S. Edition

## **NEW! Inactivate Multiple Vendor Records**

Quickly identify and deactivate old or unused vendor records all at one time. The Set Multiple Records as Inactive tool results in faster searching with less scrolling during data entry, improves lookup performance by better managing your list of vendors, and makes it easier to clean up your database and complete year-end tasks.

## **NEW! Mobile Integration<sup>3</sup>**

Sage Mobile Payments turns your cell phone, smart phone, or tablet into a secure and convenient credit card terminal. You no longer have to go to your office or be at your computer to swipe a credit card! Accept payments on the go, in your front office or retail store, and even at your customer's site. With features such as real-time authorization, emailed receipts, void and online reporting, you can take credit card payments virtually anywhere and get your money faster.

## **NEW! Integrated Sage E-Marketing<sup>4</sup>**

Sage E-Marketing is a low-cost and efficient way to increase sales through a professional email marketing program from SwiftPage. Easily import your existing Sage 50 customers from your Customer or Contact list views up to the Sage E-marketing portal. Run special marketing campaigns that let you track results and focus on your most popular products, services and customers.

## **NEW! Waste-free Check Printing**

Save money when printing vendor and payroll checks by optionally excluding zero-amount checks. And now for checks that need more remittance room on the stub, Sage 50 will print the additional information on plain paper – and do it at the end of the regular print run. No more voided checks and wasted money!
