

sage 50 Quantum Accounting

Meeting the needs of the distribution industry

If you're like most distributors, you are continually striving to increase sales, deliver on time, retain customers, and minimize overhead. Sage 50 Quantum Accounting provides all the core accounting features you need, plus powerful and flexible tools especially for distributors, such as flexible pricing, robust inventory management, and industry-specific reports to better manage your operations.

and more than 125 customizable reports. The software also is packed with advanced capabilities that let you create multiple budgets for departments and cost centers, consolidate multiple companies for financial reporting, and maintain in-depth audit trails. Plus, our powerful dashboards and management centers make it easy to boost efficiency and gain visibility into your numbers for better decision making.

A comprehensive tool for managing your distribution company

Pricing flexibility, accurate inventory management, and fulfilling customer orders in a timely manner are critical components of your business. To handle these challenges, you need accounting software that works the way you do. Sage 50 Quantum Accounting helps you better manage relationships with suppliers, track payment terms and discounts, and monitor manufacturing and kitting processes, while providing the solid reporting you require.

My Dashboard—This individually customizable birds-eye view with easy access to real-time tasks and information empowers your teams to manage their own work more efficiently.

Still an easy-to-use, everyday accounting solution

Sage 50 is accurate, easy-to-use accounting software that provides the insights and control every business needs. Our core features help you skillfully manage day-to-day accounting with easy invoicing, convenient check writing,

Easily and accurately manage inventory

The heart of your business is your inventory, and inventory tracking is a real strength of Sage 50 Quantum Accounting. Sage 50 offers features that keep you competitive and profitable.

- **Track your fastest- and slowest-selling items** so you can adjust pricing with **Inventory Management** and **Trend Analysis**.

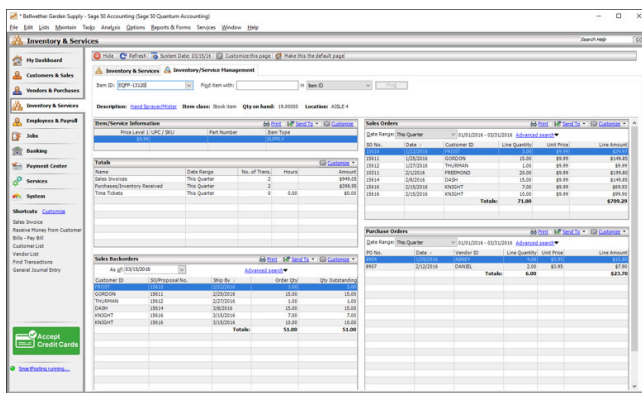

sage 50 Quantum Accounting

- **Maintain accurate “quantity on hand” information** by reserving inventory requested on purchase orders and sales orders.
- **Set up automatic purchase orders** to replenish inventory when it reaches a certain level.
- **Assign serial numbers to individual inventory items** and maintain detailed records for costing and warranty tracking and recalls.
- **Create custom units and measures for bulk sales and purchases** by defining the most common shipping quantities that match your business, whether it's by the pallet, the case, or the piece.

- **Get enhanced kitting and assembly capabilities**
 - Print assembly planning and pick list reports.
 - Build preassembled kits for rapid sales delivery
 - Set up multilevel kits and enter labor or outside services as a BOM component.
 - Use the Inventory and Services Management Center to do quick research and make comparisons and decisions about complex assemblies relationships.

Sage 50 lets you easily and quickly view everything you need to know about a particular customer or vendor. Gain insight to provide higher levels of customer service and create strategic vendor relationships.

- **See an entire chain of events** at any point in the sales or purchase process with **Transaction History**.
- **Track all change order information in one place** including approvals and updated revenues and expenses.
- **Create a customizable dashboard view of customers' information customer**, such as converted and unconverted quotes, invoices, receipts, time tickets, aged balances, items and services sold, and much more.

Inventory and Services Management Center—Instantly see everything about a single inventory item and how it is moving through the manufacturing process. Understand quantities, usage, and complex assemblies relationships.

Gain control with integrated fulfillment tools

Sage 50 helps you better manage every step of your fulfillment with tools that let you stay in control of payment terms, quantity discounts, and shipping alternatives.

- **Offer quantity price breaks to customers** and ensure that volume discounts are applied fairly and consistently. Specify up to 50 prices per item.
- **Order and sell using vendor part numbers** or your own.

Talk to a representative to find out if Sage 50 Quantum Accounting is right for you! **Call 888-579-2010.**

¹ Valid credit card and internet access required to activate and maintain support and services. Activation of your Sage Business Care plan must occur within 30 days of your product registration to have access to benefits for the entire term of your plan. To ensure continuous service, your Sage Business Care plan is an automatically renewing plan. The traditional plan is an annual plan with a perpetual license to the software; therefore, you own the license. The subscription plan is either an annual or monthly subscription, both with a lease to the software license; therefore, you can only use the license while you are on the plan. You may terminate any of the plans with at least ten days' notice prior to your renewal date and not be charged for the renewal; however, if you terminate your subscription plan or if your subscription payment is not received, you will have read-only access to your data, and full program functionality will not be restored until you have brought your account current. The subscription plan requires that you be on the most current version of the software to continue your subscription..

² Sage 50 customer support analysts are available from 9 a.m. until 8 p.m. ET Monday-Friday and reserve the right to limit calls to one hour or one incident. Assistance is limited to your Sage 50 solution.
